## Hiking in Wales: October 3<sup>rd</sup> – 4<sup>th</sup> 2014

We are running a trip to Wales for the evening of October 3<sup>rd</sup> and day of October 4<sup>th</sup> to do some hiking up the ridge to the summit of Cader Idris.

This is our first weekend of the year where we can get **everyone** in the group out and about together doing great activities in stunning scenery on what should be a great weekend.

We'll do a fabulous easy walk to the summit of one of the highest mountains in Wales, Cader Idris, with consistent stunning views from the

ascending ridge across the Barmouth estuary and up to Mt Snowdon in northern Snowdonia.

Before we start the hike we will stay at a bunkhouse at the foot of Cader Idris giving us easy access to the whole range leading to the summit.

We will finish the trip with an ice cream or two in Dolgellau and head back to Solihull thereafter.

The trip will take place on October 3<sup>rd</sup> – 4<sup>th</sup>.

## Personal Equipment:

Whilst the weather looks like being quite good there is every potential for the forecast to change and for us to get something altogether different. However, some sensible equipment will be all that is needed to enjoy the trip in comfort. If the weather is cool you won't be cold at all if you have the right equipment. A kit list is provided on the last page, but the important items are:

- Good warm sleeping bag. A reasonable sleeping bag will be in the region of £30 - £50. Oswald Bailey in Solihull do a Nitestar 250XC Sleeping Bag by Vango for £35 – if you mention Challenge Adventure Group (we are listed under "Scout Groups") you will also qualify for a 10% discount. If you don't have a warm sleeping bag and mat we will be able to lend you one – please let us know as soon as possible.
- Waterproofs: the weather can still be pretty changeable at this time of year.
- Proper Walking boots are **essential**: you need to make sure you have boots, not cross trainers, shoes etc. You will need a good level of foot & ankle support. If you don't have them you can get them at Oswald Bailey. Look for a boot with a good leather upper, or a water resistant soft outer. Don't spend a fortune, but don't skimp either!! We will check the footwear of trip attendees the week before.

The kit list is supplied at the end.

# Personal Equipment / Kit List

---

## Hiking in Wales

You will need the following:

- Plenty of thin layers
- A hat (preferably fleece)
- Gloves - possibly
- Waterproofs
- A set of clothes to travel each way in (can be the same)
- Suitable clothing for activities.

The following list is a minimum that you must bring.

You must have **WATERPROOFS**. That doesn't mean 'showerproof', but WATERPROOF. For safety reasons, if we consider the waterproofs or other clothing is not up to the required standard for the weather that we encounter, we will purchase suitable replacements and pass on any costs.

If you need to get equipment, some suggestions for you:

- Go to Oswald Bailey in Solihull – they will give you 10% discount if you mention you are with Challenge Adventure Group (ask them to put it down as a scout discount if they look confused).
- If you need to buy boots: don't spend a fortune! You will be able to get a very reasonably priced set of boots that are sturdy and not too padded. The spongy cheap padded boots will rub so don't buy these either. Get leather uppers if possible, they will be more waterproof and last longer.
